

TWELFTH LEAVES FOR THE ORIENT

Regiment Departs From Fort Douglas in Afternoon.

PARTING SCENE TEARFUL

MANY WOMEN GATHER TO BID FAREWELL.

The Twelfth United States Infantry has departed. At 3:15 o'clock yesterday afternoon the train, bearing six companies of the regiment, pulled out of the Rio Grande depot, bound for San Francisco. There the other companies will join, and March 1 the regiment will sail for the Philippines.

At the station the scene resembled the departure of troops for war. Women of all descriptions and all stations in life flocked about the platform, clinging until the last minute to uniformed men. Some of the women bore the marks of high society, and were clad in rich dresses and sealings. Others showed the signs of poverty. Still others carried the signal of a life of dissipation. But, whatever the station, whether they walked with private or with a shoulder-strapped officer, they bore the evidence of a common emotion. Tears were in the faces, as the train pulled out, showed many a heartache.

Troops That Departed.

The troops going from Fort Douglas were the headquarters, staff and band, and Companies A, B, C and D. They left the post at noon in seven special electric cars and were taken directly to the station. There ensued a long wait, until at 2:40 p. m. Companies C and D, and the regular train from Price. They came from Fort Duchesne, in command of Captain F. S. Hutton.

When these troops arrived the men who had been waiting about the platform were marched into the cars, the loading of the baggage was completed, there was a rush of handbags and a chorus of kisses, and the train started.

The other companies will reach San Francisco from Arizona about the same time, and Colonel J. W. Bubb, the commander, will take over nearly a full regiment. Thirty recruits were sworn in just before leaving the post. So far no desertions have been reported.

The regiment will live on shipboard in San Francisco harbor three days before sailing. The expectation is that the Twelfth will be assigned to the province of Iloilo.

STILL HOPES FOR DISPLAY

State Board of Education May Yet Exhibit at St. Louis.

Governor Heber M. Wells has not given up the hope that the fair directors will yet give Utah space in the educational building for a state educational exhibit. The letters and telegrams which he has received from Director General S. T. Whitaker hold out the hope that the order denying the state space will be rescinded.

The commission will probably hold its next meeting Friday, Feb. 26. It is expected that both Mr. Whitaker and Mr. W. H. Shurtliff of Ogden will have returned from St. Louis. The following day Hoyt Sherman, another member of the commission, will leave the city, business taking him out of the state. It was stated yesterday that Samuel Newhouse, who has charge of the mineral exhibit, will not return to Utah this month, being detained in the east.

BOOKS WILL BE EXPERTED

Accountant to Examine Records of All County Officials.

The books, accounts and records of all county officials are to be examined by an expert accountant. A resolution to that effect was passed yesterday by the board of county commissioners. The examination is to be made simply to conform with the statutes, which provide that the books of all county officials shall be examined every six months if the commissioners so decide. All the county officials go out this winter, unless re-elected, and it is the purpose of the commission to take the opportunity to secure a certificate that their accounts were correct when last examined.

The board received an invitation, as has also the sheriff's office, to attend a celebration at Bingham canyon on Friday, Feb. 26, in honor of the recent incorporation.

NIGHT SCHOOL DISCUSSED.

Local Educators and Y. M. C. A. Representatives Talk Over Matter.

The possibilities of night school work were discussed in an informal way at a meeting of local educators held yesterday afternoon in the parlors of the Commercial club. Among those present were Secretary of the Y. M. C. A., the members of the educational committee of the Commercial club, Professor A. O. Clark of the high school, A. W. Wetzell, superintendent of music in the public schools, and a number of the grade school principals.

George B. Hodges, a traveling educational worker of the Y. M. C. A., addressed those present on the need and advantages of a good night school in this city, after which a general discussion of the question was indulged in by those in attendance. Mr. Hodges delivered a lecture at the First Congregational church last night, which was largely attended.

F. C. SCHRAMM'S CONFIDENCE IN HYOMEI

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," says Schramm. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a nasal inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathing through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the passages and health-giving balm. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, F. C. Schramm will cheerfully return the money and it will not cost a penny.

For sale by F. C. Schramm, druggist, corner Main and First South streets.

Eat Royal bread. It is pure and wholesome. Sold everywhere.

TO GIVE A LECTURE

Homer Davenport, the Celebrated Cartoonist, Will Talk in the Salt Lake Theatre.

Homer Davenport, the famous cartoonist, will lecture at the Salt Lake theatre Sunday evening, March 7. The first club closed a contract with his manager yesterday whereby he is to appear under the auspices of the club.

Mr. Davenport is recognized as one of the greatest cartoonists in the world today; in fact, it is the opinion of a large number of critics that he and F. B. Opper are the two greatest. He will talk on "The Power of the Cartoon." No man has ever used the cartoon more effectively than he, and he will tell some of the secrets of the art.

Mr. Davenport is a western product. He began drawing for publication in Portland, Ore., but the first work he ever did that attracted wide attention was in San Francisco, where his caricatures of Collins Huntington and other clever drawings became highly popular. From the coast he went to New York, being employed on the New York Journal. His first great hit there was in his cartoons of Mark Hanna, whom he represented as dressed in a suit covered with dollar marks. He has since been a personal friend of the Republican leader and his party.

Only within the last month Mr. Davenport severed his connection with a newspaper and started a lecture tour, Salt Lake, therefore, will be one of the regular lectures to have the opportunity to hear his lecture, which is said to be as clever as his cartoons.

MUST PAY LICENSE

"Regular" Real Estate Dealers Are on the Trail of the "Curbers."

The real estate men of Salt Lake who have been paying license have taken up arms against their brethren who buy and sell property without contributing their share to the city's treasury. At a meeting held at noon yesterday at the Commercial club, a committee was appointed to draft resolutions that will be presented to the city council in the near future, asking that persons who make a business of buying, selling, renting or leasing real estate be compelled to pay a license of \$25 per year. At present only a small number of the real estate men of the city are paying this license, and it is the intention of the members of the real estate exchange to compel all dealers to comply with the law.

The real estate men who are paying license comprise less than one-third of the men who are actually engaged in the real estate business, according to the statement made by a prominent land merchant yesterday.

A resolution offered by Mr. Daniel directing the committee on judiciary to inquire into the expediency of enacting a law providing against the acceptance, holding or receipt of the pay, allowance or emolument of any executive office, agency or commission by a senator or representative in Congress while serving as such senator or representative was adopted.

Aggricultural Bill.

The senate then resumed consideration of the agricultural appropriation bill. Mr. Hay made a point of order against the committee provision authorizing the secretary of agriculture to examine and report upon samples of seeds, to accept fees for the service and make certificate of the result of inspection. His point was that this was getting legislation by a senatorial committee, and he suggested that the certificates thus provided would be used for advertising purposes. The point of order was sustained.

The amendment made by the committee striking out the house provision appropriating \$40,000 for the introduction of foreign plants and seeds was disagreed to.

At the instance of Mr. Stewart an amendment directing the secretary of agriculture to investigate the effect of cold storage upon the healthfulness of food was adopted. Mr. Stewart said that many cases of poisoning from cold storage food had been reported.

AGRICULTURAL BILL DISCUSSED

Motion Made to Strike Out a House Provision.

LIKELY TO CAUSE FRICTION

PROVISION OF 1900 WAS FINALLY SUBSTITUTED.

Washington, Feb. 24.—The senate spent the greater part of today discussing an amendment to the agricultural appropriation bill striking out the house provision giving authority to the secretary of agriculture to inspect imported food products when misbranded or suspected of impurity. The amendment was suggested by Mr. Aldrich, who said the provision opened the way for an encroachment by the secretary of agriculture on the duties of the secretary of the treasury and was calculated to cause a duplication in the service of the two officials. Messrs. Lodge, Beveridge, Patterson and others supported Mr. Aldrich's amendment. The discussion was closed by substituting the provision of the act of 1900 bearing on the same point. This solution of the problem was suggested by Mr. Proctor, and was accepted by all.

Consideration of the bill practically was concluded, but final action on it was postponed until tomorrow, to allow an inspection of it as amended.

When the senate met today Mr. Culion, from the committee on appropriations, reported the legislative, executive and judicial appropriation bill, giving notice that he would ask the senate to take it up tomorrow, if the agricultural bill shall have been disposed of by that time.

The house bill permitting those who make entry under the land laws to file proofs in the county in which they reside was passed, but Mr. Mitchell entered a motion to reconsider, saying he desired an opportunity to inspect the bill.

A resolution offered by Mr. Daniel directing the committee on judiciary to inquire into the expediency of enacting a law providing against the acceptance, holding or receipt of the pay, allowance or emolument of any executive office, agency or commission by a senator or representative in Congress while serving as such senator or representative was adopted.

PROOF OF PUBLIC CONFIDENCE

The Number of Policies in force is greater than that of any other Company in America and greater than that of all the Regular Life Insurance Companies put together (less one) and can only be appreciated by comparison. It is a greater number than the COMBINED POPULATION of Connecticut, Vermont, New Hampshire, Rhode Island, Delaware, Florida, Colorado, Oregon, Washington, Wyoming, Nevada, Montana, Idaho, North Dakota, South Dakota, Utah, Alaska, Arizona, New Mexico, District of Columbia, Indian Territory, Oklahoma, Hawaii; or as to CITIES it is as many as the population of Greater New York, Chicago, Philadelphia, Boston and St. Louis combined.

This Company has more premium-paying business in force in the United States than any other Company, and for each of the last 10 years has had more New Insurances accepted and issued than any other Company in the World.

ASSETS

United States, City and R. R.	
Bonds and Stocks	\$48,175,913.27
Bonds and Mortgages	31,814,193.06

AGRICULTURAL BILL DISCUSSED

Motion Made to Strike Out a House Provision.

LIKELY TO CAUSE FRICTION

PROVISION OF 1900 WAS FINALLY SUBSTITUTED.

Washington, Feb. 24.—The senate spent the greater part of today discussing an amendment to the agricultural appropriation bill striking out the house provision giving authority to the secretary of agriculture to inspect imported food products when misbranded or suspected of impurity. The amendment was suggested by Mr. Aldrich, who said the provision opened the way for an encroachment by the secretary of agriculture on the duties of the secretary of the treasury and was calculated to cause a duplication in the service of the two officials. Messrs. Lodge, Beveridge, Patterson and others supported Mr. Aldrich's amendment. The discussion was closed by substituting the provision of the act of 1900 bearing on the same point. This solution of the problem was suggested by Mr. Proctor, and was accepted by all.

Consideration of the bill practically was concluded, but final action on it was postponed until tomorrow, to allow an inspection of it as amended.

When the senate met today Mr. Culion, from the committee on appropriations, reported the legislative, executive and judicial appropriation bill, giving notice that he would ask the senate to take it up tomorrow, if the agricultural bill shall have been disposed of by that time.

The house bill permitting those who make entry under the land laws to file proofs in the county in which they reside was passed, but Mr. Mitchell entered a motion to reconsider, saying he desired an opportunity to inspect the bill.

A resolution offered by Mr. Daniel directing the committee on judiciary to inquire into the expediency of enacting a law providing against the acceptance, holding or receipt of the pay, allowance or emolument of any executive office, agency or commission by a senator or representative in Congress while serving as such senator or representative was adopted.

The senate then resumed consideration of the agricultural appropriation bill. Mr. Hay made a point of order against the committee provision authorizing the secretary of agriculture to examine and report upon samples of seeds, to accept fees for the service and make certificate of the result of inspection. His point was that this was getting legislation by a senatorial committee, and he suggested that the certificates thus provided would be used for advertising purposes. The point of order was sustained.

The amendment made by the committee striking out the house provision appropriating \$40,000 for the introduction of foreign plants and seeds was disagreed to.

California's Interests.

Mr. Perkins said that California was much interested in proper investigation into the purity of imported goods, and he mentioned, incidentally, that cotton seed oil frequently was imported as olive oil.

Mr. Tillman inquired whether olive oil was any sweeter or better than cotton seed oil, and Mr. Perkins replied that while cotton seed oil might suit the Italian tastes of some people, he insisted that the article should be properly labeled.

"Does the senator know California champagne from the European article?" asked Mr. Tillman, and Mr. Perkins replied:

"If the senator from South Carolina will bring on the samples I will let him know."

This caused a laugh at Mr. Tillman's expense, and Mr. Perkins added that if ever he should "take anything stronger than coffee he would not be disloyal to the products of his own state."

Mr. Lodge protested against a duplication of the two departments. He also said there had been a duplication of the various survey organizations of the country at a cost of \$150,000,000, "and," he added, "we have not got a correct record of the United States."

Mr. Dolliver said there was no foundation for the criticism that the bill was crude and could not be understood.

PIONEER LAWYER DIES

Judge Charles K. Gilchrist Passes Away After Illness of Nearly Five Years.

After an illness lasting almost five years, Judge Charles K. Gilchrist, an old resident of this city, passed away at his home, 1006 East First South street, about 6:30 yesterday morning. During the last few years of his life, Judge Gilchrist was afflicted with dropsy, and was compelled to sit in a chair, on the day before his death he was placed in bed for the first time in more than four and one-half years.

Judge Gilchrist was born in Grafton, N. H., about seventy years ago. In 1861 he removed to Kansas and shortly afterwards was elected to the position of district attorney. Later he was elected Judge of the same district.

Thirty-three years ago Judge Gilchrist came to Utah. He went into the law business and his ability as an attorney soon became a conspicuous feature among the members of the bar. Until his health failed he was the legal adviser for Walker Bros.

During the days of the Liberal party Judge Gilchrist was prominent in a political way. He was a Mason of high standing and a member of the Knights Templar.

He leaves a wife, two brothers and one sister. Mr. Gilchrist was a man of exceptional literary attainments and has long been associated with the Ladies' Literary club of this city. She was one of the organizers of the society and was its first president.

The funeral will be held Friday at 2 p. m. at St. Paul's church. The interment will be in the city cemetery.

WHITNEY'S WILL.

Eldest Son Gets the Big End of the Estate.

New York, Feb. 24.—The will of the late William C. Whitney was filed for probate in Minerva, L. I., today. Harry Payne Whitney is made sole executor and trustee under the will. After legacies of \$250,000 each to Adriaide and Berlie Randolph, stepchildren, have been deducted and provisions made for an income of \$50,000 a year for his daughter, Dorothy, the bulk of the estate is left in trust, one-half of the income to go to Harry Payne Whitney, the oldest son; one-tenth to his daughter, Pauline, now Mrs. Almerich A. Page; one-tenth to his son Payne, and three-tenths to his daughter, Dorothy.

The trusteeship is to last six years, the estate then to be divided in the same proportions among the children.

The special income of \$50,000 for Miss Dorothy is to terminate upon her becoming a sto. There are no bequests to charity. The will is dated No. 14, 1902.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Pine's Cure has cured coughs for many years. It is still on the market. At all druggists. 25c.

Are Your Kidneys Weak?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, will do for YOU, Every Reader of The Herald May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I cheerfully recommend and endorse the Great Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bad liver. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and liver trouble, from which I suffered terribly. Most gratefully yours.

A. R. REYNOLDS, Chief of Police, Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night.

Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize it as the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonials received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Salt Lake City Daily Herald. The proprietors of this paper guarantee the genuineness of this offer.

Swamp-Root is Pleasant to Take.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular 50-cent and \$1 size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
